# QUEENS ARTS CONNECTION

Apr 25 2015

2:00pm–7:00pm

The speed consultations will be an opportunity for artists to engage in focused, private meetings with experts in the field. Pointers and tips addressing artist's prepared questions will be offered in 15-minute consultations. The group sessions will allow a slightly different dynamic as artists will get to witness and support each other in addition to receiving feedback from the consultant. Below is a complete list of the individual consultations and the group sessions with times and locations.

**Artists are asked to bring their own tablets, laptops, or printed materials** for consultants to review. Artists will be able to sign up for a maximum of 2 individual consultations or 1 group session at the beginning, and then if any remaining slots are open from 4pm onwards more on a first-come basis. We hope you stick around from 5-7pm for slide slam and light reception.

We'd love if you could share the following event link using your social media to announce your participation as a consultant: <http://www.queensmuseum.org/events/queens-arts-connection>
